

Technical Data

ARTICLE INFO

The TH0 / 30 S switches with a changeover contact at the set threshold value. The returned continuous signal is evaluated by the control panel and the connected actuators are activated.

Integrated on-off switch

The thermostat TH0 / 30 S is a two-position controller equipped with an on / off switch and has an adjustable temperature range from 0 °C to 30 °C. It is used as an internal temperature-dependent automatic release for ventilation purposes in SHE and ventilation systems. On request, an electronic thermostat with remote sensor is possible.

Thermostat at a glance:

- freely adjustable threshold temperature for thermostat type TH from 0 °C to 30 °C
- Can be combined with other operating elements in the building

TECHNICAL DATA

Matchcode	TH 0/30 S
Article name	Thermostat TH 0/30 S
Part number	A3 4552
IP code	IP 30
Weight	0.1
Housing length	75
Housing width	75
Housing depth	25
